No. 210.

SECRETARY OF RAILWAY COMMISSION SAYS C.N.R. PLANS ARE NOT FILED YET

Daily Capital Gets Startling Reply to Question Sent to
Ottawa This Morning--Plans Were Approved Year
and A-Half Ago, Says President McKenzie--Who's
Right?

This morning the Daily Capital wired to the secretary of the Board of Railway Commissioners at Ottawa, in order to get direct confirmation of the statement made by General Manager McLeod, that the plans of the C. N. R. for the line west from Edmonton toward Yellowhead Pass had not been disapproved.

The Capital's wire read as follows:
Edmonton, Sept. 12, 1910.
Secretary Railway Commission, Ottawa:
Have plans of C. N. R. west of Edmonton to Yellowhead Pass been disapproved on ground too close to G.T.P.? Kindly rush reply at our expense.
DAILY CAPITAL.

This was the rather startling answer that was received at one o'clock this afternoon.

Daily Capital, Edmonton:
Referring to your telegram re C. N. R. plans Edmonton to Yellowhead Pass no application on file with board.

That would indicate that the C.N.R. has not yet filed any plans for approval for this portion of the road.

That's one side. Here's the other:
"I heard the rumour that the Railway Commission had disapproved of the plans and would stop the building of the line west from Edmonton. You can see for yourself that its wrong. We are still going ahead as fast as we can. Why? The Railway Commission approved the plans a year and a half ago."

Such were the words of President William McKenzie of the C. N. R. this morning to a Capital reporter when he asked the president if there was any truth in the rumour about the stoppage of the construction.

"I heard that rumour in Vancouver when I was there," said Mr. McKenzie, "but there is no truth in it whatever."

"How soon do you hope that the line will reach the Yellowhead?" the reporter asked.

"Well I hope in about one year's time, if conditions are favorable," was the reply.

Mr. McKenzie arrived in Strathcona early this morning in his private car, and General Manager M. H. McLeod, who arrived in his private car at 11:30 last night, went over to meet him in Strathcona.

At 10:30 a.m. Mr. McKenzie's car started over the loop for Edmonton but when it arrived at the bridge it was found that it was not safe for both engine and car to cross at the same time owing to the accident last night.

The engine has to return to the C. N. R. shops and procure a hauler, and with a wrecking crew returned to the bridge. In the meantime the president was sitting in his car on the Strathcona side.

Engine and car then proceeded three quarters of the way across the bridge when the engine went on ahead and pulled the car over the unsafe place with the aid of a hauler. They arrived in Edmonton at 1:15 p.m.

General Manager M. H. McLeod was equally emphatic in denouncing the rumour that the C.N.R. construction had been stopped and said that the report was untrue in every respect. "We have fifty teams working west of here and the contractors are exceedingly busy," he said.

There was also some talk that the

railway company is under an obligation to complete a portion of the line this year, but as a matter of fact the main line is being built under Dominion charter and the provincial government have nothing whatever to do with it.

Story Untrue

"That story about the Brazeau coal fields that was in the Journal this morning," said Mr. MacKenzie, "is absurd. There is not a word of it that is true."

"Isn't there going to be any conference between you and Mr. Ross and Mr. Coulson?" asked the Capital reporter.

"Nothing of the sort," was the reply. "Why the German Development Company is nothing whatever to do with me. The name of our mine is the Brazeau collieries."

"And that's nonsense about the German Emperor too. He's got nothing to do with the mines," went on Mr. MacKenzie. "Why, Mr. Coulson isn't here. He came as far as Calgary and then went back. Mr. Ross has nothing to do with the mines and there's going to be no conference. The whole story is silly. Absurd, if you please."

(Continued from Page Five.)

MORE DELEGATES THAN EVER AT TRADES AND LABOR CON.

FORT WILLIAM SEES TWENTY-SIXTH ANNUAL CONVENTION--PRESIDENT GLOCKING GIVES OPENING ADDRESS--WEST IS WELL REPRESENTED.

Fort William, Ont., Sept. 12.—In formally opening the most largely attended and what is expected to be the most important Trades and Labor Congress Canada ever held, in the auditorium this morning, President William Glockling touched briefly on the work of the congress during the past year, which had, he asserted, been the most profitable in the history of that body. He predicted that the present year would show even greater victories for organized labor in Canada, England and in the United States.

One hundred and forty-six delegates, twenty-two more than attended the last congress held in Quebec, were in their seats before the hour stipulated for the opening of the first session of the twenty-sixth annual convention.

President Glockling said the west is represented as it never was before at the labor congress and that there will be in attendance full as many delegates from the east as at any former like gathering.

WAS SINGING WHEN HE DROPPED DEAD

Leader of Choir in Procession at
Eucharistic Congress Died
Suddenly

PRIEST DIED IN CRUSH

Only Fatal Accident as Result of
Crowd -- Congress Is
Now Over

Montreal, Sept. 12.—Only one death has resulted and a very few minor accidents happened during the crush in this city during the past week of the celebration of the Eucharistic Congress, a miracle. So far the only death reported that of Abbe Verite, who was crushed while alighting from a car on St. Lawrence street, on Saturday. He died yesterday at the Hotel Dieu.

Montreal, Sept. 12.—While leading his choir in the procession Sunday afternoon and when in a crot of commencing to sing "Pater Mon Dieu," Denis Poliquin, leader of St. James church choir, St. Dennis street, fell dead into the arms of the curate, who was walking beside him. Those who saw Poliquin fall thought he fainted. Some two years ago his wife dropped dead at home.

The Papal Legation, Cardinal Vannutelli, on leaving Montreal, will go to St. Paul, Minneapolis, as the guest of the Arch bishop of St. Paul. His Eminence will then travel east and is probably, if time will permit, that he will go to Washington to pay his respects to President Taft. From there he will go to Baltimore to visit Cardinal Gibbons. The Cardinal will sail for Rome on October 7th.

Cardinal Vannutelli expressed himself as overjoyed at the success of the congress just closed. No city has ever attained the success achieved here. A demonstration like that of yesterday afternoon has never been seen in any country.

COULD NOT CLIMB OLD MT. ROBSON

Tourist From Yellowhead Lake
Says There Was Too Much
Snow This Summer

Mr. Jackson, who has been spending the summer at Yellowhead Lake returned to the city on Saturday. He is much impressed with the country from a scenic point of view. "The Yellowhead is a fine pass," he said, "and the trails will run through it as easily as over the prairie. The scenery is very beautiful, particularly Yellowhead Lake, where we had some fine fishing. The lakes are full of greyling and trout of all kinds. Already it is attracting the more venturesome of tourists. One party from New York went in with a pack outfit and have spent the whole summer living the primitive life. Attempts were made to climb Mount Robson but they were all unsuccessful because of the snow. Mr. Kinney is the only one who has yet succeeded."

Questioned as to the park, he said, it would be a splendid tourist resort but would require a lot of work. The squatters would of course, all have to leave but they would be fairly treated by the government. Several of them have done considerable improvement work in the way of irrigation but everyone believed that the government would give ample compensation.

A PARTRIDGE ON JASPER AVENUE

Small things often attract much attention and have big effects and a splendid illustration of this took place this afternoon between 1:30 and 1:45. The effect was that business was suspended on Jasper avenue between Fraser and McDougall avenues. The little thing that caused it was a partridge. Yes, a real live partridge, perched on the top of a lamp post at the corner of Queen's avenue.

All along the street, groups of people congregated discussing the marvel, others poked their heads from windows, some with field glasses to their eyes. In nearby restaurants people left their meals to hasten to the door to see the novel sight. About a dozen kodaks could also be noticed.

All this while Mr. Partridge looked on in all unconsciousness, ignorant of the sensation he was causing. Shortly after he flew away, perhaps to be a victim to some marksman's shot gun.

THREE NEW TOWNS BORN EVERY MONTH

And This Will Continue for Eighteen Months According to Recent Estimate

According to a recent estimate it is stated that an average of three new towns will be placed on the map of Canada, per week, during the next eighteen months. Along the line of the Grand Trunk Pacific will spring up 150 of these embryo towns, the Canadian Pacific will build up new towns along its roadbed, wherever there are more than sixteen miles between existing stations and the Canadian Northern, which is extending its system for 3,000 miles, through the unbroken regions of the northwest, will place 35 new towns along its trail which will be immediately surveyed and populated.

WALT. MASON DIES IN PHILADELPHIA

Was Found Dead There Today in
His Studio--Had Been Dead
Several Days

LAUDANUM BESIDE HIM

Not Known Whether He Committed
Suicide or Not--The
Poet Philosopher

Philadelphia, Pa., Sept. 12.—John Scanlan, better known as Walt Mason, was found dead in his studio in the business section of the city today. He has evidently been dead for several days. Two bottles of laudanum, one filled and the other partly empty, were found in the room. It is not known whether he committed suicide or died of natural causes. Scanlan's press poems, short stories and epigrams have been published in many magazines and newspapers throughout the country. He was also a painter, but not so well known as such, and when the police reported the death of John Scanlan, a "cartoonist," it was not at first realized that the dead man was Walt Mason. He was 47 years old.

London

London, Sept. 12.—Dick Stone, the finest bulldog in the world, for which his owner, Walter Jefferies, refused \$50,000 only a few weeks ago, died suddenly yesterday.

THINKING OF CITY CHARTER

Date for Next Session of Legisla-
ture Sets the City Officials
Thinking

NEW POWER OF TAXATION

City Would Benefit if It Were
Able to Tax Property Front-
ing On Water Mains

With the date of the opening of the legislature announced the city officials are beginning to think of the changes in the city charter, application for which was made at the last session. There are a number of minor changes desired, but the principal one is the addition to the charter so as to enable the city to tax property facing on water mains at a rate up to ten cents a foot. If the addition is allowed then the city will be empowered to tax property under the clause regardless as to whether the owner of the property uses city water or not. The revenue that would be derived from this increase of taxation would be applied to the waterworks department and would benefit ratepayers by a reduction in the water rates. The object of levying this tax is to force the property owner who does not use city water to pay for it just the same and it would be an incentive for him to finally use the city system.

Q.O.R. WON PRAISE IN SHAM BATTLES

Won Points Over Regulars That
Attacked Them in Manoeuvres at Aldershot

OFFICERS ARE STILL ILL

Many Other Items of News From
England and Scotland
Today

(Canadian Associated Press.)

Aldershot, Sept. 12.—Vivid descriptions of the Queen's Own Rifles share of the fighting in the divisional manoeuvres are given in the press today. The East Yorks pressed home their attack on the Queen's Own trenches so closely that their rifle discharges scorched the faces of some of the Toronto soldiers. The empires decided against the regulars. The Q. O. R. took a number of prisoners and immediately marched them to the rear and regaled them with solid and liquid refreshments.

The battalion naturally attracted much attention. It had two long days of fighting and marching. While it is still too early to estimate the standard of training reached, there is only one opinion regarding the zeal and keenness displayed by all ranks. It is admitted here that the best territorial regiment could not give them any points.

General Colin MacKenzie, the new chief of staff for Canadian forces, expressed the opinion that it was most sportful for the Q. O. R. to join the regulars who had been training since March. They marched exceedingly well, he says, and acted very creditably in the fighting. They were quick to appreciate any position and anxious to know how to act in an emergency.

Rt. Hon. R. B. Haldane, secretary of war, will inspect the regiment on Thursday next.

Portsmouth, Sept. 12.—A second detachment of Indian boys from Watt's Naval School who have enlisted in the Canadian navy, then joined the cruiser Niobe on Saturday. London, Sept. 12.—Lord Brassey, who has announced the present is his last voyage, has been studying the problem of emigration in its relation to the navy. He is surrounded by a number of unemployed in England and is settled by sending an increasing number of young men overseas.

What Edmonton Stands For on This Continent

That Edmonton is receiving a goodly share of attention from other municipalities throughout America in the matter of its system of municipal government is vouched for by the fact that the city assessors of Palmer, Mass., have written to Mayor Lee asking for a copy of the bylaws dealing with taxation, and for any other information pertaining to that branch of civic economy. They state that they saw an article on the Edmonton system of taxation in an American Sunday paper and were interested with it. Space is pretty valuable in an American Sunday paper and when they are willing to devote such space to an article on a taxation system of a city, thousands of miles away and of little moment to them in other ways, the methods up here must strike their fancy somewhat, while at the same time, their interest tickles our local vanity to an equal degree.

November 3rd Date of Next Session of House

Executive Council Decides Report of Royal Commission
Will Not be Published Until Laid
Before the Legislature

There was a meeting of the Provincial Cabinet on Saturday at which many things of deep interest to the people of Alberta were discussed. After the conference was over the following announcement was handed to the press:

"At a meeting of the executive council on Saturday the issuing of the report of the Royal Commission appointed to enquire into the A. & G. W. was not to be made public until the Legislative assembly meets. That will make it seven months after the commission started its work. To be sure, that is not very long in the life of a province, but it is a pretty long time to keep a question like this unsettled.

Now that the Executive Council has really got down to work, and with the bye-elections in Glenora and Macleod so close at hand, and the special session of the House less than two months away, there will be a decided revival of public interest in things political.

The date of the session was also considered, and it is practically settled that the house will be called together on November 3rd.

"It was also decided by the council that the report of the judges authorized by the Legislature to enquire into Alberta and Great Waterways matters would be laid before the Legislature on November 3rd."

ANOTHER SPECIAL ARRIVES WITH SETTLERS FOR ALTA.

An excursion train bearing 250 settlers, all bound for points in northern Alberta has arrived in the province. The train started from Montreal and was under the direction of H. L. Maillet, the publicity agent for the province at that point. The settlers will locate at the following points: Tofield, Holden, St. Paul, de la Roche, Vegreville, Medicine Hat, Vermilion and Edmonton. The settlers who ride the train are not all from the New England States.

It is the third excursion sent to the province this summer under the direction of Mr. Maillet, and each of the other two were about equal size.

BETTER FENDERS FOR STREET CARS

No More Cars Will Be Allowed
to Leave Buses Without Any
Fenders at All

The commissioners have called the attention of Superintendent Bissinger, of the electric railway, to the order dealing with proper precautions for the safety of life and have asked him to take particular pains in regard to car fenders. According to the order the street railway department must see that every fender is properly inspected and that no car be allowed on the rails without such inspection. The renewal of the order arose from one of the commissioners personally seeing a car running on Jasper Avenue without a fender at all. The commissioners state that they will hold the street railway department responsible for any accident which may occur as a result of the disobedience of the order.

WILL RECONSIDER G.T.P. ASSESSMENT

Council Will Take Up the Question
Tomorrow Night at the
Regular Meeting

The appeal of the Grand Trunk Pacific against the assessment of a local improvement tax on lot 116, r.l. 6, which was disallowed by the court of revision on special assessments will be again considered by the council tomorrow night. The company is being assessed this year for the paving, gutter and curb on First street, which runs past the property purchased by them from Revillon Bros. last year. The street, apparently, was paved while the property was in the possession of its former owners and on this the company bases its appeal. In the event of an amicable settlement not being reached the case will be carried to the Supreme Court of Alberta. The company also contends that as the tax is a municipal one and that as the company is exempt from both school and water taxes, they are not liable for the local improvement tax.

Buy at First Price Lots in

G.T.P. ADDITION

on the market now for the first time

G. T. P. Addition

Is very beautiful property, high and dry, located near the large shops and round house of the Grand Trunk Pacific, and is close to all city improvements including water, sewer, electric lights, telephone, and the street cars will run right past or very close to this property.

50.00 in Gold

For a Name

There are only six more days for you to make your selection for a suitable name for our delightful subdivision. Do not delay on any account as you may win the money—and surely it would be handy just at the moment, wouldn't it? Remember these points when making your selection:—

The Subdivision is nearly all cleared, is remarkably level—positively higher than the city level—Edmonton can be seen from it, street cars run right to the corner of the property, and, lastly, the view of Clover Bar, the river and the surrounding hills is unequalled anywhere in and around the city.

Send in your solution to the Contest Manager on or before next Saturday, Sept. 17th. That's all!

I suggest
as a suitable name for your
new and delightful sub-divi-
sion.

SOME PROBLEMS OF THE NEW PATRIOTISM FOR CANADA

Rev. F. W. Patterson Gave Stir-
ring Address Yesterday After-
noon at Men's Meeting—What
the New Patriotism Really
Means—Better Than Glories of
War.

An exemplification of "true patri-
otism, and its effect upon the state
was passed through Winnipeg on
the First Baptist Church yesterday
afternoon to a large audience com-
posed wholly of men. The popular
idea that a patriot was a man who
was willing to forsake his home and
family, forget about his personal af-
fairs and go off to the wars, and if
necessary die for his country, was a
conception of patriotism with its best
and most important phase left out.

"I remember the time," said Mr.
Patterson, "when the western con-
tingent passed through Winnipeg on
its way to South Africa. I remember
how the people cheered and of the
comments that passed from one per-
son to another in the great crowd
amused to give them God-speed.
They were a magnificent body of men,
the cream and flower of the west.
They did their share in South Africa
and showed equal courage and spirit
with the representatives of the other
colonies and the troops of the medi-
er land. The people cheered as they
passed by, but to say that patriotism
was their motive would be to impover-
ish the term. They were consumed
with the idea of the superlative
glory of war.

"But a new order of things has
come. The war cloud is passing away
and the nations are coming to realize
that there is another and more peace-
able way of settling disputes. There
is no guarantee that there will be
justice as the result of a war.
The side in the right may win, but
there is the equal chance of their los-
ing."

Mr. Patterson made reference to
the recent decision at the Hague in
the British-American dispute over the
Newfoundland fisheries.

"The nations involved are to be
congratulated," said Mr. Patterson,

but neither of them are to be con-
gratulated on the nature of the deci-
sion, but because of their being able
to arrive at one."

"National glory does not consist of
universal dominion," continued Mr.
Patterson, "but in the development of
its internal resources, the character
of the people and their personal life."
Daniel Webster once defined the
British Empire as 'a nation whose
morning drum beat, rising with the
sun and keeping company with the
stars, circling the world with an un-
broken strain of the martial airs of
Europe.' It is in the quality, how-
ever, and not the quality.

"The new patriot seeks to study
national problems. There are many
men today who register an ignorant
vote, having no idea of the problems
confronting the nation, but the 'new
patriot' studies conditions and educa-
tion to do his best toward the up-
lifting and the development of the
country in a moral sense."

Mr. Patterson enumerated a number
of problems which awaited the inter-
est of the 'new patriot.' The liquor
traffic, industrial strife, and political
corruption, were all dealt with in a
forceful manner. To the man who
could solve any of these would come
great glory. He would be a "true
patriot." But if he did it because
of the glory that awaited him, he
could not be given the title. He must
do it with the sole idea of changing
the nature of things for the good and
well-being of his fellow citizens and
the country at large.

Mr. Patterson said that to establish
"true patriotism" a beginning must
be made in the schools. The children
must be taught the principles of it.
Then it must force itself into the
homes, pervading the men and wom-
en.

Next Sunday afternoon Mr. Pat-
terson will begin a series of addresses on
the "nature and problems of democ-
racy."

Hos Honor Lieut-Governor Bulyea
was an interested listener to Mr. Pat-
terson's address yesterday after-
noon.

"Murder will out." So will murder
ers if you let them.

The Children's Cause

Orphan children, or those who are
neglected and ill-treated by their
worthless relatives, present the
strongest plea that could possibly be
made to the sympathies of good peo-
ple.

Few people give any thought to
the condition of wretchedness and de-
gradation that many children are
brought up in. Were the facts which
are constantly coming to the Child-
ren's Aid society more generally
known, the money needed for the
saving of boys and girls to good citi-
zenship would be ready and forthcom-
ing. The personal nature of the work
of the Children's Aid prevents the
public presentation of each case, so
cause the publicity would be bound to
react with bad effect upon the char-
acter of the child receiving the benefit
of the protection of the society.

Helpless homeless children are
greatly to be pitied. They have to
depend on those around them, not
only for the necessities of life, but
for their education and for the home
and parental love to which every child
has a right.

The tendency is to establish a
home-orphanage, wherein these help-

less little ones may be grouped and
educated, and to congratulate our-
selves that we have done a great thing
thereby.

Have you ever thought just what
it would mean to have your own little
child placed in an orphanage-home to
be educated and brought up, away
from home life or love? Accidents
have placed the children of many
good people in this position of help-
lessness. The Children's Aid finds
homes for such children. The child-
ren so placed are inspected and su-
pervised. It is the duty of the super-
intendent of neglected children to
know that they are receiving fair and
proper treatment and for that purpose
the little ones placed in foster homes
are visited from time to time, in
order that a first hand idea of the
condition of the children may be
formed.

The local society of Edmonton is
in need of funds. Fifteen hundred
dollars will be required between now
and the first of the year to meet the
expenses of the society. Will you make a
contribution to the work? Please Mr. A.
Stewart at 2722 he will be glad to re-
ceive your help.

PRIVATE COMPANY READY TO STEP IN

If City Decides Not to Develop
Athabasca Power a Private
Company Will

COULD RAISE CAPITAL

No Difficulty Along That Line—
Engineer Fielding Leaves
For North Soon

It is understood that if the city de-
cides not to take advantage of the
power possibilities of the Athabasca
River that a private company will ex-
plore and generate energy there. And
it is also stated that no difficulty would
be found in raising capital. However,
until the city formally decides one way
or the other, a private company can-
not begin to gain control of the rights.
The city's preliminary application is
in the hands of the Interior Department
at Ottawa, and notification has been
received from the secretary of the
department that no other application
stands in the city's way. The formal
application which will consist of data
and the preliminary plans will not be
forwarded to Ottawa until John Field-
ing, the engineer appointed by the city
to investigate the possibilities of suc-
cessfully transmitting power from the
north, has submitted his report for
the local authorities to consider and
decide whether they can take advantage
of the proposal.

Mr. Fielding has returned to the city
from Calgary and is making arrange-
ments for his departure to Grand Rop-
ids. He and his party will probably
leave for the north this week, and
count on returning within six weeks.

SUNDAY SCHOOL CONVENTION

One of the greatest convention
events ever held in this western coun-
try is now being arranged. In con-
nection with the annual convention of
the Alberta Sunday School Association
in Calgary, there will be a whole
week of meetings there.

The Methodist Young People's rally,
the Presbyterian Young People's
Society, and the Baptist Young Peo-
ple's Union will hold their conventions
simultaneously in their respective
churches, opening on Monday evening,
October 31st. Strong programmes
are being arranged.

The Provincial Sunday School con-
vention, November 1st to the 4th, will
be a great event. Prof. L. L. Henry
of Chicago, who is so well known in
Alberta since the mid summer tour,
will have charge of a large adult
choir. Some of the speakers now se-
cured are: Mrs. Mary Foster Brynes,
Chicago; The International Eleme-
ntary Queen; Rev. J. W. Williamson,
secretary for British Columbia; Rev.
J. A. Doyle; a strong delegation pro-
vided by the Canadian Council of the
Laymen's Missionary Movement and
a host of others.

Special railroad rates on all rail-
roads and special entertainment in
Calgary is being arranged. A large
delegation is expected. Write H. W.
Kenny, Calgary, for full particulars.

IRISH SOCCER RESULTS.

(Canadian Associated Press.)
Dublin, Sept. 12.—The following are
the results of the Irish league foot-
ball games played Saturday:
Cliftonville 1, Bohemians 0.
Cliftonville 1, Belfast Celtic 1.
Shelbourne 0, Linfield 3.
Distillery 0, Derry Celtic 0.

LOCAL COAL LAND FOR A SYNDICATE

J. McEvoy and R. G. Drinnan
Secure Coal Fields North of
the Brazeau

J. McEvoy of Toronto and R. G.
Drinnan of Vancouver have located
for a Toronto syndicate several thou-
sand acres of coal lands north of the
Brazeau fields and on the main line of
the Grand Trunk Pacific. Senator Cox,
Senator Jaffray, Sir Henry Pellatt and
G. G. S. Lindsay, former general man-
ager of the Crow's Nest Pass Coal
Company are interested in the syndi-
cate which will begin developing as
soon as machinery can be got on the
ground.

Both Messrs. McEvoy and Drin-
nan declare that the coal lands west
of Edmonton are equal to those of the
south which have proved themselves to
be immensely rich.

Mr. McEvoy was connected for
many years with the geological de-
partment of the Dominion and in 1900
became mining engineer for the
Crow's Nest Pass Coal Company. Mr.
Drinnan was also in the past in con-
nection with the Western Fuel Com-
pany at Nanaimo and in 1900 joined
the Crow's Nest Pass Coal Company
as general superintendent. Later, he
joined the Hosmer Mines, Limited, be-
tween Fernie and Michel.

ANOTHER OFFER FOR B. OF TRADE EXHIBIT

C.N.R. Would Like It—Board
Has Trouble With Publicity
Post Cards

Mr. Fisher, secretary of the board of
trade, was surprised to learn that
rumor had it that the Toronto exhibi-
tion of the Edmonton board of trade,
had been sold to the Canadian Nor-
thern. "Mr. Hawkes did receive a
telegram when he was here the other
day instructing him to make arrange-
ments for its purchase but nothing de-
finite was done. If we were confident
of getting good advertising out of
it, we would certainly dispose of it,
provided, of course, we could replace
it. At present, however, it is pack-
ed up in Toronto and Mr. Porte will
display it in other places. Any way,"
he added, "the Canadian Northern
wouldn't wait for some time yet, so
we are in no hurry to sell."

The post cards recently ordered
by the board for publicity work are
causing trouble. "They were printed
in Toronto," said Mr. Fisher, "because
we wanted them for the Toronto ex-
hibition and were in part turned over
to Mr. Porte, the rest to be sent here
by express." We received the invoice
and samples from the printers besides
several mailed to us by people who
got them at the exhibition. We natu-
rally expected that the consignment
would reach here at once, and hence
the announcement made last week that
they could be obtained at the office.
We got busy with the wires, however,
and discovered that the consignment
was shipped by freight instead of ex-
press as we ordered. Meanwhile we
telegraphed to have the order dupli-
cated and forwarded by express and
they should be here in about a week's
time."

RAINBOW AT RIO

(Canadian Associated Press)
Rio De Janeiro, Sept. 12.—The Cana-
dian cruiser Rainbow has arrived
here from Portsmouth. She will re-
sume her journey to Esquimaux on
Wednesday next.

AT THE THEATRES

At the Lyceum.

With a stage full of fifty show
girls, every line bubbling over with
infectious humor and wholesome
spirit, every member cast in a won-
derful comedy part and some of the
prettiest singing and dancing one
ever heard, Sherman's Musical com-
edy company, at the Lyceum producing
T. J. Besson's cyclone of laughter,
entitled "A Matrimonial Mishap,"
will hand you the longest, hottest,
loudest laugh of your life. And there
is no doubt of its success. It is joy
unconfined and a musical revel by
necry comedies and pretty girls.

It will place no tax upon the most
haggard mind and the only lasting
impression that one will carry away is
that the spectator has laughed long
and heartily. And to laugh is good.

Tom Besson will handle the main
comedy part which is said to be the
best part he has in his entire repert-
oire and as Mr. Besson is responsi-
ble for this production he is going to
put all his efforts into it and make it
one of the best this popular company
has yet handled.

The girls are in line with something
new and novel for the patrons and
they should make a hit this week!

There is a matinee every day at the
Lyceum with two complete shows at
night and an entire change of pro-
gramme twice a week.

IN THE YELLOW HEAD

Steel Will Be at Tete Jaune Cache
Next Summer.

A Prince Rupert paper given Jack
Stewart, of Foley, Welch and Stev-
art, is authority for the statement
that his firm will have finished the
main line of the Grand Trunk Pacific
as far west as Tete Jaune Cache by
the middle of next summer and that
trains will be running as far west as
the Cache by this time next year.

This, it is stated, will put Port
Georgie and the surrounding country
in close touch with outside markets,
as goods can be rafted down from the
Cache at very little expense.

Eastern End.

Mr. Stewart stated further that
from the eastern end the steel will
reach the Athabasca river, at the en-
trance to the Yellow Head, by the
middle of September. A total of
2,500 men and 800 teams are working
west of the McLeod river to Atha-
basca. Splendid progress is being
made, and it is the opinion of the
railway men that the track-layers will
reach the banks of the Athabasca by
early December. It is expected that
the steel will reach Prairie Creek by
October 1. The concrete work on the
bridge over Prairie Creek is now
ready for the superstructure.

Mr. Stewart with A. B. Kelliker has
just completed the overland trip from
Edmonton to Prince Rupert—Win-
nipeg Free Press.

JIMMIE POTTS

The coming bout between Jimmie Potts of Minneapolis and Bud Burt of Edmonton, billed for September 10, gives promise of being one of the best as yet seen in the northwest.

Both men are in the best of condition. Burt has been in constant training since his bout with Young Macmillan, while Potts says he never felt better in his life. Both men are well known in this section.

Both boys invite the fans to come and see them work out at the Senate Hotel gym.

Burt works between the hours of 2:30 and 3:30 p.m. Potts between the hours of 3:30 and 4:30 p.m.

CALGARY HORSE WON

General H. Captures the Charter Oak Stakes of \$10,000 at Hartford, Conn.

Calgary, Sept. 12.—Word was received in the city yesterday that General H., Wm. Parlow's fast Calgary horse, now racing in the Grand Circuit, had, on Monday last, captured the Charter Oak stakes of \$10,000 in straight heats at Hartford, Conn., being driven by Geo. Haag.

This race was for 200 trotters and is the envy of all trotting horse owners, and the General's success places him among the fastest trotters in America.

The charter for the Y. M. C. A. of the old and best known trotting races on the continent.

OLD COUNTRY SOCCER

London, Sept. 12.—The following are the results of the football games played today in the various leagues:

First Division
Blackburn Rovers 1, Liverpool 2.
Nottingham Forest 2, Manchester United 2.

Everton 2, Preston North End 0.
Bradford City 2, Bury 2.
Manchester City 1, Notts County 1.

Sheffield Wednesday 1, Middlesbrough 0.
Sunderland 3, Aston Villa 2.

Second Division
Birmingham 1, Bradford 0.
Blackpool 2, Stockport County 1.
Bolton Wanderers 2, Hull City 1.

Chelsea 3, Barnsley 1.
Clapton Orient 1, Derby County 0.
Glossop 2, Leeds City 1.

Huddersfield Town 0, Burnley 1.
Lincoln City 0, Gainsborough Trinity 0.
West Bromwich Albion 2, Fulham 1.

Wolverhampton Wanderers 1, Leicester Fosse 0.

South Division
New Brighton 1, Queen's Park Rangers 0.
Coventry City 3, West Ham United 0.

South End United 1, Luton 3.
Southampton 3, Portsmouth 0.
Plymouth Argyle 0, Northampton 0.

Watford 2, Brighton and Hove 1.
Leiston 0, Exeter City 0.
Brentford 1, Swindon Town 1.

Crystal Palace 1, Bristol Rovers 0.
Norwich City 1, Millwall Athletic 1.
Scottish League
Hamilton Academicals 2, Glasgow Rangers 4.

Airdrieonians 1, Motherwell 1.
Aberdeen 1, Third Lanark 2.
Montrose 0, Kilmarnock 0.

The Calgary News states the final game for the Bennett Shield between Lethbridge and Calgary will be played here next Saturday, September 17th.

THE PROSPECTS ARE BRIGHT

For a Successful Rugby Season—Eskimos Will Practice Tuesday, Thursday and Saturday

The rain on Saturday afternoon, and the rumor that there was to be a football match at Diamond park, had a bad effect on the Rugby practice. About ten enthusiasts turned out and worked hard under the watchful eyes of Coaches Pearson and Belanger.

Several new players were out, including Conway who played left half on Ottawa college in 1907, when the collegians won the Intercollegiate championship, and Belanger, a young brother of the Edmonton club president, who gives promise of being a corner. Practices will be held at 5 o'clock on Tuesday and Thursday at 5 o'clock, and Saturday a practice game will probably be arranged with Coach Pearson's Y. M. C. A. team, which will be organized on Tuesday evening.

On Saturday, October 1st, the Calgary Y. M. C. A. will play here and as the Edmonton club is obliged to put up the large guarantee of \$125 it is expected that the game will turn out in large numbers and support the game.

The Eskimos have been striving for three years to get rugby football established in Edmonton, and hope to win this season with a balance on the credit side of the ledger.

Sparking of the Calgary Y. M. C. A. team, the Herald says:

"A letter was received from the Edmonton rugby club asking the Y. M. C. A. to play an exhibition game at Edmonton on Oct. 1. It was put to the vote and the terms were accepted. In all probability the Y's will run an excursion to the capital on that date and would take a crowd of 500 or more with them."

It is hoped that the Y. M. C. A. keep up the rate they have started and no doubt the trip to Edmonton will be an incentive to the boys to train hard and practice faithfully. In 1908 they lost the championship to the Tigers in the final game after the hardest fought game ever played in Calgary, and the Tigers won from them only by the experience gained in a couple of games played with Edmonton. Experience is a great teacher and the Y. M. C. A. should endeavor to get experience and become as near perfection as possible through practice.

The team is shaping up well, the back division, being a new outfit entirely.

George, who was injured while working out with Hillhurst last season, will play quarterback and the wing line will be picked from such good men as Howarth, Ford, Frost, Stagg, Peglar, Hamilton, Colville, Perry, Sinclair, Sutton, Fullerton, Kemp, Tann and others. The scrum-mage, Miller, Orrick and Ballantyne—Some class to the scrum!

AMBITIOUS CALGARY
Calgary, Sept. 10.—That a Calgary amateur hockey team be dispatched east this winter to lift the Allan cup, emblematic of the Canadian amateur championship, is the aim of a number of hockey enthusiasts in Calgary, and already a plan is being formulated whereby this can be done.

"We have enough good players here now to get up a strong team and bring that cup west, said Mr. Joe Moir, who is now in the city and who he thought about the matter, "It is a good idea," he said, "and I know of a number who have already stated they would support it."

Other hockey fans spoke in the same strain, and the matter is to be brought up at a meeting of the league executive which will be called shortly.

At present the cup is held by Queen's University, Kingston.

BOBBIE KERR'S RECORD
Winnipeg, Sept. 12.—Bobbie Kerr, of Hamilton, made what is claimed to be a world's record when he ran 105 yards in 14.35 seconds at the postmodern relay sports on Saturday. It is doubtful however, if the record will stand. He ran 100 yards in 9.45 and 220 in 21.35.

PARNEY MAY GO EAST
At the International Y. M. C. A. conference, to be held in Toronto next month, there is to be held an immense athletic meet, and Fred Parney, 160 yards, and 220 yards, champion of Alberta, is seriously thinking of competing.

GENTLEMAN JIM CORBETT ANSWERS BOB EDGREN

Says the Former Weight Thrower Made False Statements About Reno Fight

(By James J. Corbett.)

New York, Sept. 12.—Robert Edgren, the former hammer-thrower, who is now sporting columnist of the New York Evening paper, has not yet fully recovered from the effects of the defeat of Jeffries some months ago, and through the medium of his column has been trying to criticize my conduct in connection with that contest. While I do not wish to dignify Edgren's charges by replying to them, I believe the sport loving public is entitled to a few of the facts.

Edgren brands as nonsense my saying that Jeffries' extreme nervousness kept him awake nearly all the night before the fight. My authority for that statement is Mrs. Jeffries, who told the same thing to William Moulden. I think Mrs. Jeffries should be better informed on this point than Edgren. Another indication of Jeffries' nervous condition of the few days preceding the fight is to be found in the fact that he vomited and vomited himself while doing road work; Jeffries, the brother of Jim, can vouch for this.

Burns Not Boxing Man.
My critic also says that "Farn-Burns was the man in Jeffries' camp. I fully agree that Burns worked hard and faithfully in Jeffries' interests and had Jim back in good physical condition. But it was not the ex-champion's physical condition that beat him—it was his nervous condition. Burns was one of the greatest wrestlers in the world, but his knowledge of boxing is limited."

"The files of the paper on which Edgren is employed will show that he repeatedly deplored the fact that Jeffries did not do more boxing and has less road work. Burns did all he could for Jeffries, but road work alone is not all a pugilist needs in his training, particularly when he has been out of the ring for a long time. Boxing was what Jeff wanted; and though practice with the gloves he was bound to lose his cleverness and judgment of distance. I was there to box with Jeffries, not to climb mountains, and did everything in my power to make him do more boxing. Even had Jim

listened to the advice of others besides Burns the result would have been the same, as the nervous collapse killed all his chances of winning."

No Cause for Ridicule.
Edgren also ridicules my statement that Farn-Burns, in Jeffries' dressing room before the fight, sobbed as he realized that Jim had broken down. Dewitt Van Court, physical director of the Los Angeles A. C. and one of Jeffries' best friends, will verify what I have said.

I took the trip to Jeffries' training camp at Jim's own request, made in London last winter. I was not looking before for advertising as Edgren says, for I may say with all modesty that I was fairly well known in sporting circles long before Jeffries and Johnson and even Edgren were ever heard of. I was not after money, either, and all I was paid was my expenses. I wanted to see the man who was to win and to help accomplish that end.

When this "eminent" sporting authority accuses me of deliberately walking away from Jeffries' corner and deserting him when I saw that he was not going to win, I am sorry what he is talking about. My conduct at the ringside was what had been planned between Jeffries and myself. I was to talk to Johnson and try to attract his attention if possible; in other words, I was to try to get the money man to help accomplish that end.

Up to Edgren to Show Hand.
I want to urge Edgren to make public the inside information on Jeffries' defeat that he claims to be in possession of. He says that some of these days "a few hitlerite unpublished details concerning the defeat of Jeffries and the 24 rounds that preceded it, will be in every paper in America." Why the delay? It is his duty to give the news to the public now. What is to be gained by holding it back?

PEOPLE'S SHIELD TIE
Toronto, Sept. 12.—Over 1,400 people watched Calgary and Hamilton play a draw game on Saturday at Scarborough Beach for the People's Shield. No score was made in the first half but each side found the net once in the second half. The fifty minutes extra play failed to provide a decision. The match will be replayed Monday.

NATIONALS IN WINNIPEG
Are on their way to New Westminster and Expect to Lift the Cup
Winnipeg, September 12.—If confidence and enthusiasm count for anything, the National Lacrosse team now speeding on their way to New Westminster should pretty nearly bring back the Minto Cup with them. The winners of the N. L. U. were in Winnipeg for about an hour Saturday night, when their captain "Newsy" Lalonde thought well of their prospects. The team is in good shape and line up unchanged from eastern fixtures.

MONTREAL 12, SHAMROCKS 4.
Montreal, Sept. 12.—The weather was ideal for lacrosse when the Shamrock and Montreal teams lined out on the Mile End grounds Saturday.

Despite the crowds of visitors in the city, there were not more than 1,500 spectators on the grounds. The score at the first quarter was Montreal 3, Shamrocks 2. At half-time Montreal 4, Shamrocks 3. At three-quarter time Montreal 4, Shamrocks 3. Final score: Montreal 12, Shamrocks 4.

St. Catharines 5, Tecumseh 1.
At 10:30, Sept. 12.—The C. L. A. match between St. Catharines and Tecumseh was played before an audience of about 1,500 spectators. Score at first quarter: St. Catharines 1, Tecumseh 0; at three-quarter time, St. Catharines 3, Tecumseh 1; final score: St. Catharines 5, Tecumseh 1.

Madison, star outside wing of last year's Blues, will play for the Calgary Tigers this season.

The management committee of the Edmonton Rugby football club will hold a meeting in the Hotel Cecil at 8:30 this evening.

John D. Marsh and Deerfoot, the Indian, will run a matched race at Sherman's auditorium, Calgary, this evening.

Daniels of the New York Americans, who is at present burning up Ban Johnson's league, was once within the grasp of Winnipeg. He was playing with Woodstock, Ont., and was highly recommended to Jack Lamb, but was passed up. Critics now claim Daniels is as fast as Cobb, and that he has every bit as brilliant career ahead of him as the Georgian.

WEBSTER'S CLEAR HAVANAS

For Them

It is a recognized and undisputed fact that the young people about to be married are looking for some gift from you. They are on the threshold of their lives and one little act of remembrance will go far to cheer them along and make you a life-long memory in their lives. Now, can you forego them this pleasure when wedding presents of excellent quality can be obtained for such a small remuneration? Remember that you were young once and experienced the same joy they are now amidst. Just look at those suggestions below and **DON'T FORGET THEM.**

BOX 845 EDMONTON

About Town

Anniversary services will be held in Grace Methodist Church on Sunday, September 25th.

Fifty-seven arrivals and seventy-three departures, were last week registered at the Immigration hall.

Mr. Louis Lepoige died Saturday at the General hospital. The funeral will take place from his home 711 Sixth street, Tues. ay morning at 9:30 to St. Joachim church.

The Sons of England and St. George's football teams will play tomorrow evening on the Second street grounds. The game, which will be called sharp at 6:30, will be refereed by Mr. Smith.

Mayor Lee has received from Mrs. Emma Moyer, 8911 S. Broadway, St. Louis, Mo., a letter in which enquiry is made as to the whereabouts of Geo. W. Roberts, whose last known address was Edmonton.

Westminster Presbyterian church is to be formally re-opened a week from Sunday, September 18th. Rev. W. D. Reid of Taylor church, Montreal, will preach morning and evening. An A. representative east was first mooted, the Alberta Amateur Athletic Union, which governs athletics in the province, offered to look after the trip and provide transportation.

Arrangements were left in the hands of Secretary Ballantyne, of Calgary, but this over-worked official, while on his vacation trip, could not find time to perfect the details. Consequently when September 2nd came along, Decoteau was all in readiness to leave except for the trifling lack of a ticket, which the A. A. A. U. had neglected to send along.

The Irish-Canadian Athletic Club did everything in their power to send the runner east, even raising the money for his expenses and transportation. But Decoteau felt that if he left on September 2 he would not have sufficient time in Montreal to recover from the tiresome trip, so finally decided not to go.

All this is very regrettable. Decoteau has all the results of his three months' hard training, while Edmonton and the entire province loses the opportunity of possessing a Dominion champion.

Senator Tashot arrived in the city yesterday and is staying at the King Edward Hotel.

W. Athelstan Johnston, of London, Eng., one of the directors of the Western Canada Land Company, and director of the Canadian Agencies, the firm of London bankers who purchased the Edmonton bond issue, arrived in the city yesterday and is staying at the King Edward Hotel.

A. E. May leaves the city this morning for Athens, Georgia, where he will attend the meeting of the Sovereign Grand Lodge of the Independent Order of Oddfellows, September 19th to 26th, as a delegate from the Alberta lodges.

Mr. (Dr.) Maclean and daughter, Miss Riddle, who have spent the summer in Nova Scotia, are spending a few days in Edmonton with Mr. A. Maclean, superintendent of water-works, on their return to Vancouver.

Engraving as it should be done. Jackson Bros.

TODAY'S MARKETS

Winnipeg, Sept. 12.—Today's wheat prices are as follows: Futures—October 1.01 1/4, 1.01 1/2; December, 99 1/4, 99 1/2; May, 1.04 1/4, 1.05 1/4. Cash closed No. 1 Northern, 1.02 1/2; No. 2 Northern, 1.01 1/2; Northern, 99 1/2; White Oats, 35; flax, 2 1/4.

ALEC. DECOTEAU

WILL NOT ENTER

A.A.A.U. Took Too Long to Arrange Trip—Fleet Edmonton Will Remain at Home

Alex. Decoteau, the fleet Irish-Canadian runner, will not compete in the Dominion championship meet at Montreal this month. He was to run in the half mile and one mile events as the Alberta representative and there was a strong feeling in the west that he would win at least one first place. But now everything is off, and Decoteau will not make the trip.

When the question of sending a representative east was first mooted, the Alberta Amateur Athletic Union, which governs athletics in the province, offered to look after the trip and provide transportation.

Arrangements were left in the hands of Secretary Ballantyne, of Calgary, but this over-worked official, while on his vacation trip, could not find time to perfect the details. Consequently when September 2nd came along, Decoteau was all in readiness to leave except for the trifling lack of a ticket, which the A. A. A. U. had neglected to send along.

The Irish-Canadian Athletic Club did everything in their power to send the runner east, even raising the money for his expenses and transportation. But Decoteau felt that if he left on September 2 he would not have sufficient time in Montreal to recover from the tiresome trip, so finally decided not to go.

All this is very regrettable. Decoteau has all the results of his three months' hard training, while Edmonton and the entire province loses the opportunity of possessing a Dominion champion.

Senator Tashot arrived in the city yesterday and is staying at the King Edward Hotel.

W. Athelstan Johnston, of London, Eng., one of the directors of the Western Canada Land Company, and director of the Canadian Agencies, the firm of London bankers who purchased the Edmonton bond issue, arrived in the city yesterday and is staying at the King Edward Hotel.

A. E. May leaves the city this morning for Athens, Georgia, where he will attend the meeting of the Sovereign Grand Lodge of the Independent Order of Oddfellows, September 19th to 26th, as a delegate from the Alberta lodges.

Mr. (Dr.) Maclean and daughter, Miss Riddle, who have spent the summer in Nova Scotia, are spending a few days in Edmonton with Mr. A. Maclean, superintendent of water-works, on their return to Vancouver.

ALBERTA COLLEGE

First St., Edmonton

MELBA IN CANADA.

Prior to opening her Canadian tour Madame Melba spent a few days in New York making records for a Gramophone company which, as in 1906, paid her the enormous sum of \$50,000 by way of advance royalties. In England and the United States thousands of Melba's records are sold yearly to teachers of singing who adopt this means of giving their pupils invaluable lessons. During her Canadian tour Melba will have the support of a unique body of artists, including Mr. Albert Quessell, the famous tenor of the Metropolitan Opera company, Miss Ada Savalli the greatest living harpist, Mr. John Lemmonie, the perfect flautist who has come from Australia for the tour and Mr. Maurice Lafarge, the great French pianist. In all the cities on the Melba highway ever before approached in the Dominion.

The Edmonton Melba subscription list (first choice of seats) closes at the Geo. H. Suckling piano warehouses, 237-39 Rice street, on Saturday, September 17th.
